# Code of Ethics

1. I will respect the rights of all users of the recreational waterways, both on public waters and on private property.
2. I will be considerate at the launch ramps and docks, and I will get on and off the ramps briskly and not delay others.
3. I will follow the navigation rules of the road around all other vessels, and I will learn and observe my state's rules on wake jumping.
4. I will give all anchored or drifting vessels plenty of room.
  
5. I will always operate at headway speed in "no wake" zones.
6. When approaching shore, I will be especially aware of swimmers & other craft near shore.
7. I will not disturb wildlife, and I will avoid areas posted for the protection of wildlife.
8. I will not litter the shore side, and I will be careful with my fuel.
  
9. I realize that my travel speed should be determined by my equipment, ability, weather and wave conditions, and especially other vessel traffic. In case of emergency, I will volunteer assistance.
  
10. I will not interfere with or harass others — I realize that people judge all personal watercraft by my actions.
  
11. I will pay close attention to the noise my vessel may make and be aware of how others on boats & on shore react to that noise.
